## Former Champs Vow To Take Turkey Trot

By DOUG WILLIAMS

"We'll win it again! Six in a row and we're trying for seven."

This was the challenge hurled by Neil Evans, Delta Epsilon athletic chairman, as Tuesday's 16th annual Turkey Trot draws near.

For the past six years DU has won the relay trophy and the perpetual trophy for the best participation in the Trot's novice division. According to Evans, the DU's have been working out for several weeks in an all-out effort to retain the championship. Other organizations known to be working out in earnest to end the DU reign are Alpha Tau Omega, Sigma Alpha Epsilon and Sigma Chi.

Several cross country runners and two striders from the Santa Clara Youth Village were added to the growing list of entrants for the event. These experienced runners will not compete with novice trackmen, however, but will compete in the open division.

Trot entrants will try for the first place trophy in the open division in addition to the first, second and third place cups in the novice division. There is also an award for the winning organization in the relay division and an award for the organization with the most men finishing the 3.3 mile Trot course in the allotted time of 30 minutes.

The deadline for entering has been extended until noon Monday. Entry blanks are available either in the Student Union, the Intramural Office (B73), or at the Alpha Phi Omega house at 510 K Street St.

The event is sponsored by A Phi Omega in conjunction with the Men's Intramural Department.

On hand at the finish line to congratulate the winners will be Homecoming Queen Marcia Day and her attendants, Kathy Eggen, Tricia Enfield, Sue Evers, and Linda Janney.

## Attorney-at-Large

All applicants for the three attorney-at-large positions must be present at Tuesday's Student Court meeting, according to Chief Justice Jerry Alexander. The meeting will be at 2:30 p.m. in Adm236. The three court officers will be named at that time, Alexander said.

## Students Get Top Regional Positions

Two SJS students were elected to regional district offices at the annual International Relations Club Regional Convention held last week at San Francisco State College.

San Jose State College was selected regional host school for 1960.

Cecilia Stanton, international relations major, was elected president of the central Pacific region, which covers all the universities, colleges and junior colleges in Northern California and Nevada.

Karen Haynes, junior education major, was elected regional corresponding secretary.

As host school, the college will be the site of the next annual convention. It also will be the regional headquarters, from which national IRC directives and information will be disseminated and from which service area projects will be centered.

Other students who attended the conference were Prax Loya, local IRC president, and Sam Wiah.

Purpose of the conference was to reorganize the Central Pacific Region, adopt a new constitution, elect new officers and choose a host college for 1960. Programming was devoted to preparation for the national conference, to be held April 1-4 at Harvard University.

Among the speakers at the San Francisco conference were G. A. M. Lewanika, member of the Luangwa parliament in Northern Rhodesia, and R. O. Mensah, press attaché to the Ghana Embassy. Conference topic was "U.S. Foreign Policy and Africa."

## Profs Talk: Soviet Union 'Rule of Law'

In the Soviet Union a new "rule of law" has replaced the "extremely oppressive and arbitrary system of terror" that operated under Stalin, according to Glenn G. Morgan, assistant professor of political science.

How the Khrushchev reign metes out justice and what significant changes have been made in the Soviet legal system will be answered by the professor Dec. 2, when he goes before a College Lecture audience in S142, 10:30 to 11:20 a.m.

A graduate of Oregon University, Professor Morgan attended Soviet government classes at three universities in the Washington, D.C., area from 1952-58. He was a member of the National Security Agency at the time. The agency sent him to Harvard in 1955 to further study the Soviet Union.

He completed his doctoral dissertation on Soviet law last spring and expects to receive a Ph.D. from the University of Virginia next year.

Several current articles on Soviet law, written by Mr. Morgan, are awaiting publication in professional journals.

Revamping of the legal system, says the professor, began with Nikita Khrushchev's attack on Stalin's methods before the 20th (Communist) Party Congress in February, 1958.

Since then, the regime has curbed secret police power, released prisoners, closed some slave labor camps, made changes in criminal law and ended much of the arbitrary "arrest during the night" methods of the Stalin system, Mr. Morgan says.

## State-COP Vie at Stockton Tonight at 8; Tigers Choice

By GREGORY H. BROWN

San Jose State College and College of Pacific, traditional rivals, will attempt to end their season on a winning note when they lock helmets tonight at 8 in Pacific Memorial Stadium in Stockton.

The Bengals rate three-point favorites before game time but the Spartans have been drilling harder this week than at any other time for the last game of the season.

**BASS READY**

Dick Bass, the Vallejo youngster who has re-written just about every record book at COP, will be at full-strength for the Spartan game, coach Jack "Moose" Meyers said yesterday. Bass has been plagued throughout the season with injuries, but as a "limited" (second half) ball carrier this season he has piled up 680 yards to rank fourth in the nation.

San Jose State and COP both rank nationally in the passing race. The Spartans, who held the nation's lead earlier this season, sport a 187.8 mark for fourth position in the NCAA and the Tigers are sixth with a 184.5 average.

**LAST TIME OUT**

Emmett Lee will be opening at the signal-calling position for San Jose for the last time. Lee, along with eight other seniors, will be playing their last part for the yellow and gold and white.

Chuck Ennis, Ken McNeece, Rich Miley, Dan Colchico, Howard Poyer, Dave Hurlburt, Ron Watson and Chuck Yeyna are the seniors playing tonight.

Jim Cadile, who burned his eye in a home accident Wednesday, is

## \$250 Million Egg

The Ford Motor Co. admitted yesterday that the Edsel automobile had laid an egg that cost it \$250 million.

For all the pages of Life Magazine, for all the feet of film shot for television, for all radio minutes, for all the jokes cast about the new product, for all the public relations men and motivational research people, the car was a flop.

Last February, the first news story on the projected discontinuance told of the woes of the lack of public acceptance.

And now, after just two years on the market, its days are over.

The reasons for Edsel's demise may be found perhaps in high pressure sales through mass media that caught the Amer-

icans just once too often in the pocketbook. The price of things is up, the pocketbook, down. And next year, the big three, Ford, Chrysler and General Motors, along with the forerunner, American Motors, are going whole hog to beat out the little imported cars from Europe and Asia.

Perhaps the American people have had their fill of "big car luxury at small car economy." No longer do they believe that they're as well off as the advertising firm tells them they are.

Babies and homes and cars and food and clothes are mighty expensive and people are cutting down where they can. And the big car with big tailfins is just too much for the customer to swallow. —P.W.

### How Much Authority for Student Court?

Should Student Court have more authority or not?

Should it be able to handle such misdemeanors as bookstore thefts, drinking at football games and cheating on exams, or should this sort of thing be left entirely to the deans?

This long talked-about issue has been getting concentrated attention the past few weeks as a result of Student Court reorganization. The arguments break down this way:

Chief Justice Jerry Alexander and other student leaders say governmental institutions should operate here the same way they do on the city, county and higher levels —so students can get working experience in the same problems they may face after graduation.

They say students should be tried by their peers just as defendants are tried by their peers in other courts.

Dean Stanley Benz counters that this is an educational institution, not a correctional one. In other words, trials may be educational for student justices but sometimes strictly correctional—and degrad- ing—for the accused.

This isn't a knock-down-drag-out debate—the final decision is up to the deans anyway. But the deans are not being arbitrary. They've met with student leaders to talk about the thing and Dean Benz recently emphasized that any decision will be based on student rights.

"The confidential nature of the cases is what we're worried about," he said. He explained that many cases that come before the deans require extensive investigation into the students' backgrounds—family problems, personality deficiencies, intelligence, the works.

He said deans try to turn minor offenses into educational experiences by finding out why the student made the mistake and determining how he can prevent it in the future.

"I doubt that students involved would appreciate our giving other students the right to see the personal records—and they'd have to see some of them to make fair decisions," Dean Benz said.

There seems to be general agreement that deans should handle personality problems—the kind that require access to personal records—but Alexander, et al., feel this accounts for a very small percentage of misdemeanors.

They say most bookstore thefts and other minor offenses are a simple matter of right and wrong—not emotional instability.

A primary question is publicity. It figures that if the cases are put before public trial, the Daily is going to carry the details.

This would be in line with the philosophy that things should be done on campus as they are anywhere else.

Of course, this is one of the things the deans are worried about.

Nothing up my sleeve

I HAVE BEEN INVITED to a party that has a good chance of turning into one of those affairs where everyone tries to think of how many words they can make out of THANKSGIVING, or everybody lists everyone else's faults (Oh, goody!), or each person is asked to think of how many cities he knows starting with the last name of a famous president. You've been to parties like that.

Or—and worse yet—it may even turn into one of those gay gatherings at which is included somebody's cousin who does card tricks. I really do not mind card tricks very much—IF I am not chosen to act as a "volunteer assistant" who must help with the trick.

The magician fellow is always cool and a complete master of the situation. (This alienates me from the beginning and I have a sort of petty grudge against him, secretly hoping his tricks will all fail.)

He riffles the pack a few times, looks out over the audience and says gaily, "Yoo-hoo, I see you there; would YOU like to pick the card?" (That is me pretending as if I do not hear him, and looking at the wallpaper design.) But my faking does not fool him at all.

I am met by 4 rows of cards, 13 in each pile. Or so I am told. (I hold a large distrust for anyone who indulges in card tricks—either professionally or at parties—and am not one to be suckered in by just his say-so.)

"PICK A CARD," he says brightly. So, with chin in hand and wrinkle in brow, I strike a pose of intense concentration before making my selection. I am careful to just not make any old snap decision or he will get the idea I am taking the whole thing lightly.

When picking the card it is always a good practice to wait a while; this lends a certain air of drama to the selection.

I usually pick a card lying somewhere near the outskirts of the fanned deck so those watching will know I am in no way in cahoots with this Houdini chap. ("Ah-hah, this will ruin him!" I chuckle.)

After the card has been chosen I usually am asked to remember the number on the card and its suit, and then to show it to the rest of the audience. "Put it back in the deck—anywhere!" he announces, usually turning his back for effect. (I always sense that I am at the crucial point in his trick and feel as if I am helping him by putting the card back at all.)

THEN THE card-trick man will scoop up his cards and go through some slick motions to make everybody see he is a pretty fancy cuss.

Some three hours and 20 minutes later he will finish his maneuvering, and with a grand march and string quartet finally announce to the world that the card was the seven of diamonds.

(Some magicians make this pronouncement by throwing a bread knife across the room with the point piercing the card, and sticking it in the wall so the girls will gasp.)

BY THE TIME the magician finally gets to the point where he is telling what the card was I picked up, I am usually so distracted by all his folderol that most likely I have forgotten exactly what the card was, though I faintly remember it was a red one and either a seven or a nine.

But at this point in the evening I am a very undemanding assistant. Red and seven is good enough for me; or—if he prefers—a red nine.

## Mu Phi Epsilon Presents Lecture-Recital Monday

The San Jose alumnae chapter of Mu Phi Epsilon, national music sorority, will present a benefit lecture-recital, "Music Around the World," Monday night at 8 in the social room of the Willow Glen Stone Church.

The event, free and open to the public, will feature Dr. Albert L. Faurot, music professor at Silliman University, Dumaguete, the Philippines. He will discuss his experiences as music professor in universities in China, Japan and the Philippines and will demonstrate Asian music at the piano.

Mrs. Margery Alden, soprano, will sing native folk songs she collected while accompanying

her husband, Dr. Donald H. Alden, SJS English professor, and Fulbright teaching grant to Silliman University last year. When there, Mrs. Alden participated in concerts and radio broadcasts.

Mu Phi Epsilon collects a considerable number of books, music instruments for Silliman University. Persons wishing to make contributions of music or instruments to the university may bring them to the lecture-recital. A receipt will follow the program.

A free-will offering will be taken at the concert to benefit Mu Phi Epsilon's scholarship program. Scholarship is given each semester to a SJS student.

# The Gay Life

By JOANNE OSMAN

The holiday season is upon us—a weekend, three days of studying—and then four mad, gay, carefree days. Where to go and what to do? See below:

Tonight the San Jose Symphony will debut at the Civic Auditorium at 8:30. Our own SJS College Symphony Orchestra also will make its Monday and Tuesday nights in the campus Concert Hall. The college symphonic programs begin at 8:15.

Speaking of symphony music, the San Francisco Symphony Orchestra begins its 48th season Wednesday, Dec. 2, at the War Memorial Opera House. Under the direction of Enrique Jordá, symphonic programs will be given every Wednesday, Thursday and Friday through May 27.

A three-hour progressive jazz session will be presented at the Scottish Rite Temple in San Jose tomorrow night. Frank Leal and his five-piece combo, formerly with the Chambers Jazz Sextet, will be featured.

Bids are 50 cents a person and the jazzy jam session begins at 9.

Shivaram, unusual Hindu dancer, will offer a program of classic Indian dances, with a commentary on them, at the Academy of Asian Studies, 2030 Broadway, in San Francisco. The interpretive performance will be given tomorrow night at 8:15.

The Big, Big Game is tomorrow at 1:30 p.m. in the Stanford Stadium (Ah, yes, I remember it well).

**SJS SYMPHONY ORCHESTRA TO PERFORM**—The Symphony Orchestra will present its first concert of the season Monday and Tuesday nights at 8:15 in Concert Hall under the baton of Dr. W. Gibson Walters. Guest soloists will be soprano Glenda Parker and baritone Manuel Patterakis.

## Symphony Orchestra Opens Season Monday, Tuesday

By PHYLLIS MACKALL  
Art and Music Editor

The first Symphony Orchestra concert of the season will be presented Monday and Tuesday evenings at 8:15 in Concert Hall.

The 87-member symphony orchestra "is one of the largest we have had in recent years," said its director, Dr. W. Gibson Walters, professor of music. As a student body organization, open to all students, it also is one of the largest non-social student body organizations on campus.

The programs Monday and Tuesday nights will open with Bach's "Brandenburg Concerto No. 3 in G Major," and Schubert's "Unfinished" Symphony, the "Symphony No. 8 in B Minor."

After an intermission, the program will resume with "Un Bel Di Vedremo," an aria from Puccini's "Madame Butterfly." The aria will be sung by soprano Glenda Parker, a senior music major.

Nemico Della Patria?," an aria from Giordano's "Andrea Chenier," then will be sung by baritone Manuel Patterakis, also a senior music major.

Miss Parker and Mr. Patterakis will sing the duet "Pagliacchi, Papageno" from Mozart's "Magic Flute."

The program will end with Sibelius' well-known tone poem "Finlandia."

Miss Parker and Mr. Patterakis won their positions as guest soloists last spring in an annual audition.

Miss Parker attended Modesto Junior College until entering SJS in 1958. Since that time she has been studying under the direction of Miss Maurine Thompson, associate professor of music.

Miss Parker is a member of the a cappella choir, the Choraliers and the Opera Workshop. Last year she appeared as Cherubino in "The Marriage of Figaro"; this year she will appear in one of the leading roles of "La Boheme."

Mr. Patterakis, a graduate of Modesto Junior College, attended SJS one semester in 1956 prior to entering the service. During that semester he was soloist with the Men's Glee Club. While in the U.S.

Armed Forces in Germany, he was in charge of the Post Chorus and was director of the Chapel Choir. He returned to college in 1958 and studies with Edwin C. Dunning, instructor in music.

Patterakis is a member of the a cappella choir, Choraliers, Metronomes Quartette, and Opera Workshop. He sang the role of Count Almaviva in last year's "Marriage of Figaro," and also will sing one of the leading roles in this year's opera, "La Boheme."

The orchestra will present three major concerts this season in addition to the Christmas concert Dec. 13 at 3 p.m. in Concert Hall. The group also will participate in "La Boheme."

## Football Rivalry With COP Began Way Back in 1898

By ROBERT TAYLOR

San Jose State and COP, contrary to sports writers' opinions, have been playing around since 1898.

Then the schools were known as the State Normal School and the University of the Pacific, which was located on a muddy stretch in Santa Clara.

That first game was played on either Oct. 12 or 14 (The San Jose Mercury and the college's Pennant disagree), and San Jose won 18-0.

"Through some lack of judgment shown by the manager," the COP scribe wrote in the Mercury, "he agreed to leave out several of the regular players, for which were substituted almost entirely new players. This of course gave the Normal team, which is a good match for the regular team, an easy victory."

The two colleges still are rivals, 61 years after their first game. Probably no one of the '98 team's

### Editorial Caused 'Deepened Wounds'

EDITOR: Thank you very much for your rather startling editorial on Nov. 16. It certainly points out that "white Christians" are not the only groups on our campus that discriminate in their choice of members.

It opens our eyes to the fact that small minority groups which feel the stigma of exclusion from many desirable activities have, in defense, organized their own activities which in themselves are even more discriminatory in nature.

However, to promote brotherhood and greater understanding among all groups on campus, I am sure that Spartan Chi (of which I am not a member) will re-examine its leadership and join the fraternal organizations in cleaning up its constitution and by-laws and will accomplish what is already a fact: acceptance of all applicants without much ado about the usual line of race, religion, etc.

However, the peculiar viewpoint you took on this matter, Mr. Adams, tends only to deepen the wounds of racial misunderstanding.

The very headline of your editorial, "Who's Discriminating? Us?" was a very disturbing element. Your usage of the pronoun "us" was not clear; to whom were you referring?

Were you addressing and referring to the student body? If so, you have implied that I and other members of minority groups "do not belong," and are not what YOU MIGHT refer to as "one of us."

Was it your intention, Mr. Adams, to make this inference? Am I not supposed to be reading your editorials? Don't you consider me as a fellow Spartan?

All this brings up an important point. Can paper constitutions bring about racial harmony and acceptance while subtle prejudices

and airs of superiority are constantly at work?

TERRY WONG  
ASB 4483

### Things Are Different In England, Canada

EDITOR: May I speak, not to justify the action in the controversial police display, but in disfavor of constant criticism of the police school students and police officers in general?

It is interesting to note that had this happened in Canada or England, 900 persons would have rushed out of the stands to help the "Mounties" or "Constables" usher the individuals from the stadium, regardless of the reasons.

The people would not have unjustly criticized the officers in such an "American" fashion. England and Canada seem to feel that their police officers should be given encouragement and aid whenever the opportunity arises.

Let's not keep good men from entering the police service by continually displaying our dislike and criticism for the police.

### 'Free' To Accept If Clauses Removed

EDITOR: In his letter of Thursday, Nov. 12, Dave Lubkert overlooked the important point in having discriminating clauses removed from fraternity constitutions. It is true that the removal of such clauses would not stop discrimination, but it would afford the fraternities an opportunity to practice non-discrimination.

I am sure there are individual chapters that would like nothing better than to be free to accept new members without regard to race, religion or color.

#### DELTA ZETA

The Rev. James Barge, Congregational minister, led a discussion on the topic "Does Belief in God Make Any Difference?" at Monday night's meeting at the Delta Zeta house.

Vieing for the title of Carnation Girl is Mary Lou Willette.

New pledge received during open rush is Barbara Wark.

#### GAMMA PHI BETA

Wednesday the pledges woke the Gamma Phi Beta actives at 5 a.m. and took them on a sneak to the home of Marilyn Pryor, in Palo Alto. Coffee and doughnuts were served.

New pledges are Celia Hampton, Carol Quinney, Ione Knight, Marilyn Duggan and Lee Isaacs.

#### KAPPA ALPHA THETA

Tuesday the ladies of Kappa Alpha Theta will hold an exchange with Phi Sigma Kappa fraternity. Gayle Reinegger has been selected as candidate for Delta Sigma Phi Carnation Girl.

#### KAPPA DELTA

Veterans Day was "sneak" day for Kappa Delta pledges. Actives were aroused at 7 a.m. and taken to the home of Judy Harrison in Mountain View for a breakfast sneak.

Actives were requested to perform various skits for the pleasure of the pledges. The first skit almost resulted in a "fast one" on the pledges. Forming a conga line, the actives danced right out the door. The fully-clothed pledges were faster than the pajama-clad actives, however, so the actives were soon rounded up and returned to the house.

Guests of honor at the sneak were Mrs. Geraldine Stuparich, province president, and KD house-mother, Mrs. Hendricks.

New KD pledges are Marilyn Feutsch and Jeannette "Jo" Drews.

## Masculine Set Wears Smart Fall Fashions

By JUDY BROWN

There is only one football weekend left, and now that the air is getting colder, there will be plenty of excuses for new fall clothes.

This time the men are the center of the fashion scene.

Knit shirts are the best news for men's casual wear this winter. They have all the detail that can be found in the best oxford sport shirt—they don't take up much drawer space, either. They hold their lines best if folded.

Crew or boat neck sweaters worn with patterned oxford shirts are turning up for many occasions. The favorite V-neck still is with us but this year there has been a change made with a coordinated foulard insert in it. The insert gives the effect of a shirt worn underneath.

Shetlands, the shaggier the better, are good news this season. Camel color, which goes with everything, is especially popular.

A few good-looking sport jackets are needed to round out the wardrobe. The brass buttoned blazer is the single most popular jacket style across the country. Colors vary with navy being tops and olive and stripe following.

For men who take their fraternity affiliations seriously, there are both shorts and handkerchiefs available imprinted with letters of national fraternities.

## Dick Smothers, Linda Miller Wed

Dick Smothers claimed Linda Miller as his bride in an October ceremony held in Salinas. The couple will make their home in San Jose.

### "APPLE OF THE EYE"

For this overworked phrase, we must turn to the world's richest source of quotations—the Bible. Specifically, the Old Testament, Deuteronomy, XXXII, 10: "He kept him as the apple of his eye."

### "ALL IS NOT GOLD"

Seems like everybody had a crack at this piece of homely philosophy, but the originator seems to be Geoffrey Chaucer, in "The House of Fame". Book I: "Hyt is not all gold that glareth"

### "COUNT 10..."

Was there any limit to the talents of Thomas Jefferson? Statesman, scientist, architect—he also authored this admonition: "When angry, count ten before you speak; if very angry, a hundred."

## Jockey T-Shirts

The most respected, creative name in underwear is Jockey brand. It stands to reason, then, that Jockey brand T-shirts are unmatched for quality as well as styling. You can choose from standard crew neck T-shirt, "taper-tee" shirt, sleeveless I-shirt, and V-neck T-shirt models. Every man needs a drawer full of T-shirts—and the label to look for is Jockey brand. Let it guide you to the world's finest underwear.

# TC Grids Cop Title, SAE in Second Spot

Theta Chi annexed the Intrafraternity Football League crown yesterday with a 14-0 win over Delta Sigma Phi while Sigma Alpha Epsilon edged Alpha Tau Omega 7-6 for undisputed second place.

The Theta Chi defense which has allowed only one touchdown this season was as strong as ever as it stopped all DSP offensive threats. Bud Thompson ran the TC offense and hit Bob Garratt and Jim Dunivan with scoring aerials for the winning margin.

In the SAE-ATO game, Roger Weiland, the league's top passer, capped a 60 yard scoring drive with a ten yard touchdown pass to Bret Stauffer. For the all important extra point Weiland hit Tom Higgins for the tally and the eventual winning point. The Tau's came right back in the second half when Mickey Filing ran a punt back 40 yards for a score. In an effort to tie the contest, Keith Antes threw wide to his receiver

and SAE had a narrow 7-6 win.

In other IFC games this week Delta Upsilon downed Sigma Nu 12-0 and Phi Sigma Kappa won by forfeit over Theta Xi on Wednesday.

Yesterday, Pi Kappa Alpha topped Sigma Phi Epsilon 12-2 on John Deaver's pin point passing and Sigma Chi edged Lambda Chi Alpha 12-7.

## That Man Bass Again!

**HOLD THAT TIGER**—Dick Bass, the COP Tigers' top running threat and leader of just about everything last year, finds daylight for one of his long gainers. The L.A. Rams draftee set a new Bengal record when he rambled 226 yards last year against San Jose State.

## Bass at Full Strength; Nine Play Final Game

(Continued From Page 1)

Stanford, 54-38; Wyoming, 28-7, and Iowa State, 55-0.

Taking their two common opponents, Fresno State and Hawaii, the odds seem a little out of line, but many cite the tremendous down-the-stretch drive the Tigers are putting on as the reason why they are labeled favorites tonight.

Bass and Co. will try and start where they left off last year and Coach Bob Titchenal will have his men ready to try and thwart such a move.

The time is drawing near for the 23rd annual novice boxing tournament. Dec. 9-11 are the days when the independent and Greek teams will vie for the honors of the top teams and top individual performances.

## Colts-49ers Clash Sunday At Baltimore

San Francisco's 49ers will attempt to over-rule the odds makers when they journey from Chicago to Baltimore Sunday to meet the second place Colts in a game that could decide the Western Division championship.

Coach Red Hickey's cohorts dropped a 14-3 game to the Bears last week, a game in which the smashing 49er ground game came to a staggering halt. The Bears intercepted five 49er passes, blocked one kick and recovered one fumble to completely throttle the Bay Area eleven's bid for a victory.

The Colts are seven and one-half point choices over the western division leaders and the Colts appear real anxious to bomb the 49ers this week according to all reports.

Hickey still believes his team can snap out of its lack-luster showing of last week and regain its poise. The 49ers still sport the best mark in the point defense department, giving up but 102 points. The Colts took over the total offense lead from the Los Angeles Rams last week in a dazzling offensive show.

## 250 Racks on Periphery

## Bicycle Ban Reception 'Wonderful'

Since its inception last April, the ban on riding or parking bicycles on campus has proven very successful.

"The students have shown wonderful cooperation on this rule," said Ralph Bohn yesterday. Mr. Bohn, associate professor of industrial arts, is chairman of the Campus Safety Committee.

It was on the recommendation

of this committee and the Student Parking Committee that the Student Council adopted the bicycle ban.

Earlier this year, before the ban, bicycles, although they eased the auto parking program, began to cause other problems. Delivery truck entrances were blocked, congestion in pedestrian areas increased, and some accidents resulted from students riding on campus.

"Today, racks on the periphery of the campus hold approximately 250 bicycles," said John Amos, superintendent of building and grounds. As new campus buildings open, more racks will be added, Mr. Amos said.

Enforcement of the ban falls to Ralph Gough, campus security officer, and his men. There have been no serious violations, he said, although new students, unaware of the ban must often be reminded.

The Campus Safety Committee is composed of 13 faculty members and one student representative, Marty Sleeper, SJS junior, is student member this year.

Mr. Bohn cautioned students to use the racks, and to lock their bicycles when leaving them.

### DR. FROOD'S MORAL OF THE MONTH

*Brevity is the soul of wit. Which is why the sight of a girl in a Bikini invariably brings a smile to a man's face.*

Dear Dr. Frood: Do you think next year's dresses will cover the knees?  
*Clothes-Conscious*

Dear Clothes-Conscious: They'd better cover more than that.

Dear Dr. Frood: Do you think a boy should kiss a girl on their first date?  
*Shy*

Dear Shy: She would seem to be the logical choice.

### DR. FROOD ON QUERIES BEST LEFT UNQUERIED

Years of experience have taught me never to ask a girl these questions:

Shouldn't we skip the garlic?  
What happened to the fraternity pin?  
Wow! Is that your roommate?  
Do you mind turning out that light?  
You mean that isn't a beanie?  
How come you never wear shorts?  
Why don't you smoke your own Luckies?

Dear Dr. Frood: I admire my roommate very much, so I try to be like him. He smokes Luckies. Do you think I should smoke the same cigarette he does?  
*Awed*

Dear Awed: No. Ask him for an unused Lucky.

Dr. Frood, Ph.T.T.

Dear Dr. Frood: I read a great deal so I never have time for girls. Am I missing anything?  
*Literate*

Dear Literate: Only a few marbles.

Dear Dr. Frood: The guy next to me copys from my paper. What should I do?  
*Truthful*

Dear Truthful: Warn him. Quick!

Dear Dr. Frood: When I refuse to go out with unattractive girls, my friends say, "Beauty is only skin-deep." What do you say?  
*Fussy*

Dear Fussy: That's deep enough.

## COLLEGE STUDENTS SMOKE MORE LUCKIES THAN ANY OTHER REGULAR!

When it comes to choosing their regular smoke, college students head right for fine tobacco. Result: Lucky Strike tops every other regular sold. Lucky's taste beats all the rest because L.S./M.F.T.—Lucky Strike means fine tobacco.
